

Customised Employment

We take the time to work with you, so you can work.

Do you have employment goals in your NDIS plan or SLES funding?

Scope's Customised Employment approach is designed to build your confidence and give you more control so you can choose the right employment outcome for you.

Discovery	Job Planning	Job Development and Negotiation	Post-employment Support
<p>We learn about your; interests, strengths, skills, support needs, social and support connections.</p>	<p>We visit businesses and gather information to explore suitable jobs and careers for you.</p>	<p>We develop an understanding of your support needs at work, as well as the employer's support needs.</p>	<p>We put your workplace support plan into action.</p>
	<p>We develop a resume or visual information that represents your skills and abilities.</p>	<p>We work with you and potential employers to discuss work experience and employment opportunities.</p>	<p>We help you to have a good working relationship with your employer and co-workers.</p>
		<p>We develop job roles that fit your skills and interests, and discuss your conditions of employment, such as job responsibilities, work hours, dress code, salary.</p>	<p>We assist with your career progression.</p>

Experience the rewards of inclusive employment

Customised Employment Specialists take the time to understand your needs.

We help you discover your career interests, strengths, skills and support requirements, to explore your best employment options.

We work with inclusive employers to identify a role where your contribution is valued and your support needs recognised.
