

## Apple iPads and Accessibility: New ways to do old things

### Level 1: Novice

- Do you wish you had a better understanding of the iPad, including accessibility settings?
- Do you want to learn more about supporting people with a disability to use iPads?

This workshop will take you through how to make the iPad easier to use. It will give you practical and functional examples of how you can use the iPad with people who need communication supports with 3 key apps.

### Content includes

- Apple accessibility features – what if I can't point, see, hear, or concentrate?
- Why the iPad works for some people, and not for others.
- Learn how to update, refresh and revitalise your existing communication resources, like visual supports, social stories and aids with:
  - Tools2Talk+ app
  - Key Word Sign Australia app
  - Book Creator app
- How to support people to communicate using an iPad – the tools and rules.
- App Smackdown! An opportunity for presenters and attendees to share their favourite apps and what they use them for.

### Participant pre-requisites

Participants are encouraged to bring their own iPad as there will be opportunities to share favourite apps and test out the workshop content on your own iPad.

Your registration fee covers the cost to download over \$100.00 worth of apps from the App Store:

- |                           |         |
|---------------------------|---------|
| • Tools2Talk+             | \$74.99 |
| • Key Word Sign Australia | \$39.99 |
| • Book Creator – Lite     | \$0.00  |

Please come to the training with these apps already installed on your iPad.

### Audience

This workshop is suitable for people who are new to iPads, who support people using iPads for communication, including support workers, parents and teachers.

**Date:** Tuesday 14<sup>th</sup> November 2017

**Time:** 9:30am - 4:00pm

**Cost:** \$440.00 per participant
