

## I must wear a face mask - social story

Wearing face masks is a new rule. The rules will change when things get better.

A face mask can help me and other people stay safe from Coronavirus.

My face mask must cover my nose, mouth and chin.

My face mask might feel uncomfortable at first.

It might be hard to see and hear people talk when they wear a face mask. People will look different with a mask on.

I can get help to talk to other people.

I can read the Easy English book to learn about wearing face masks safely.
