

# New homes coming soon in NSW

**Modern, functional homes, designed to meet your needs. If you're thinking of a move into Specialist Disability Accommodation (SDA), find out how Scope can support you.**

Scope is passionate about enabling more people with disability to have greater choice and control. We collaborate with others as we know collaboration is key to reaching the best possible outcomes for people with a disability.

In NSW we are partnering with innovative Specialist Disability Accommodation (SDA) providers who share our vision of enabling each person we support to live as an empowered and equal citizen.

We are excited to share that we have many new homes under development, and many new houses ready for your to call home.

Our beautiful, functional homes are carefully designed to support people with a disability to live the life they choose.

A large pink circle graphic containing the text "More choice, more control".

***More choice,  
more control***
